

# DOTD has implemented new technology...

## How does it affect you?

- DOTD is the pilot agency for the new LaGov computer system, which provides for centralized business services.
- DOTD has modified payment schedules to match the statewide financial system schedule maintained by the Louisiana Division of Administration (DOA).
  - Checks are issued on Tuesdays and Fridays by DOA.
  - DOTD complies with DOA's standard contract term payment schedule (i.e. 30 day net, 60 day net, etc.) and check delivery methods. Payments will be electronically transferred via electronic funds transfer (EFT) or mailed.
- LaGov provides EFTs. EFTs are processed daily, Monday through Friday.
- All vendor maintenance in the new system is "self-service." Vendors must perform the maintenance on their accounts. This is a security measure to protect vendor data and privacy.
- DOA hosts the self-service website. Visit [http://www.doa.louisiana.gov/OSUP/LaGov\\_Vendors.htm](http://www.doa.louisiana.gov/OSUP/LaGov_Vendors.htm) to register as a vendor, enroll in direct deposit, update company information or view payment details. All vendors are required to register via this website.
- Letters with temporary passwords were sent to existing vendors. If you did not receive a letter or have misplaced your temporary password, access the vendor website to request a new password.
